MATERIALS LIST

- 1 - Carpet for the Home Therapy System Platform Swing
- 4 - Adhesive loop squares
- 1 - Instruction Sheet
- 1 - Maintenance Checklist

Directions

Your carpet comes with the four adhesive loop squares attached to the hook squares on the bottom of the carpet.

1. Place the platform swing on the floor. Place the carpet on top of the platform swing, centered between the ropes and square with the edges of the platform.
2. Once the carpet is in place and square, kneel on the carpet to hold it in place. Turn one corner up, revealing the hook and loop squares. Peel the backing off of the adhesive loop square, leaving it attached to the hook square. Carefully lay the corner of the carpet back down, and press firmly on top of the corner.
3. Repeat step 2 with the remaining corners. Your carpet is now ready to use.

NOTE: To make sure that the adhesive squares never release from the board, you can staple them in place. Be sure to use 3/8" staples, so that they do not go all the way through the wood.
