Instruction Sheet Playhouse Connector 4401

Take time to familiarize yourself with the use and maintenance of this equipment before using. Please file this Instruction Sheet in an accessible location: the Instruction Sheet must be read and familiar to anyone who is using Southpaw Enterprises Equipment.

IMPORTANT: Please check equipment immediately for any damage that may have resulted during shipping. If any damage has occurred, please contact Southpaw Enterprises, Inc. immediately.

MATERIALS LIST

1 - Playhouse Connector 1 - Instruction Sheet 1 - Maintenance Checklist

The Playhouse Connector is designed to secure two or more Playhouses together when using multiple Playhouses. One Connector is required to join two Playhouses, and an additional Connector for each additional Playhouse added.

TO CONNECT TWO PLAYHOUSES

- Place the two Playhouses with the tops removed together keeping in mind the position of the walls in regard to adding steps or slide.
- The Connector has hook fastener on one side and loop fastener on the other side. Place the Connector Strip with the loop (fuzzy or smooth side) facing up along the tops of the adjoining walls of the two Playhouses and press down on the Connector to secure it to the tops of the walls.
- Replace the tops on the Playhouses.

MAINTENANCE CHECKLIST

All of the following wear points should be checked on a monthly basis and recorded on the checklist enclosed.

- Check for torn vinyl and loose or ripped stitches. If tears or loose stitches are found, discontinue use until repaired.

STORAGE PROCEDURES

- Store where not accessible by clients without proper supervision.

CLEANING INSTRUCTIONS

- Check with your infectious disease department before using these procedures.
- Check for client allergies first.
- Clean with a damp cloth using mild soap and water or disinfectant.
- Dry before using.

Safety Precautions - The safety of your clients is dependent on the appropriate choice of activity to match, yet challenge their physical abilities. Use appropriate spotting / safety techniques. In addition, the layout of your activity area, proper installation and maintenance of your equipment is critical. Southpaw equipment is not intended for recreational or outdoor use. Under no condition should this equipment be used without proper supervision.

This sheet is for example only. It is not meant to, in any way, replace local, county, state, or Federal standards. Be aware - it is your responsibility to find all pertinent safety information that pertains to your facility.
