

Obie

Obie is now
mobile!

Obie Is Now Mobile!

A motorized stand on wheels specifically designed to seamlessly move Obie to different rooms and locations. The stand also allows you to easily switch between Obie's available modes (Floor, Wall, Table).

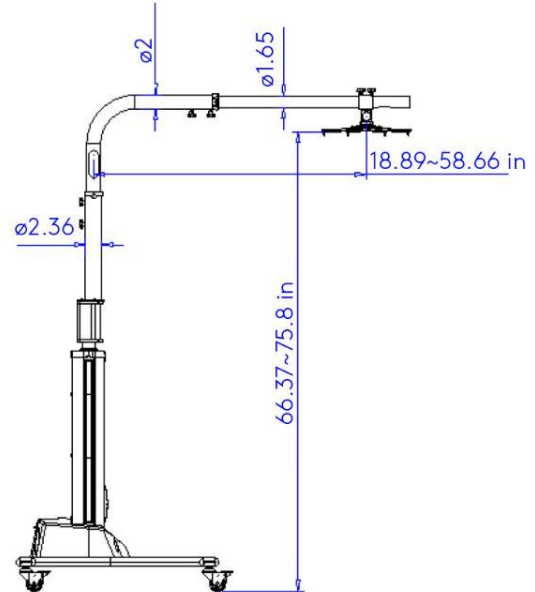

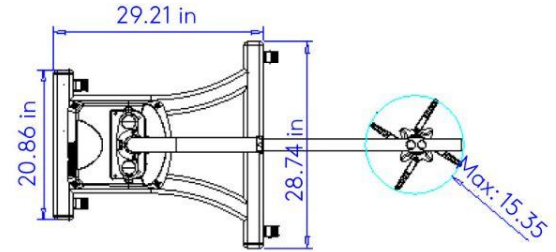

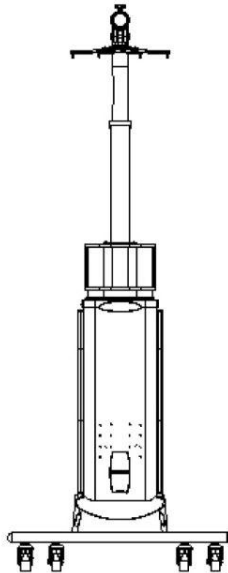

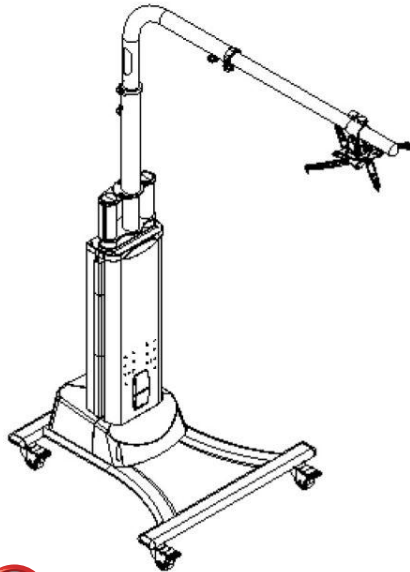

The state-of-the-art stand includes a hydraulic motor with the ability to elevate the stand to a maximum height of 7.8 ft from the ground. Rubber wheels with safety locks provide easy gliding on flat surfaces and secure anchoring.

What's in the box?

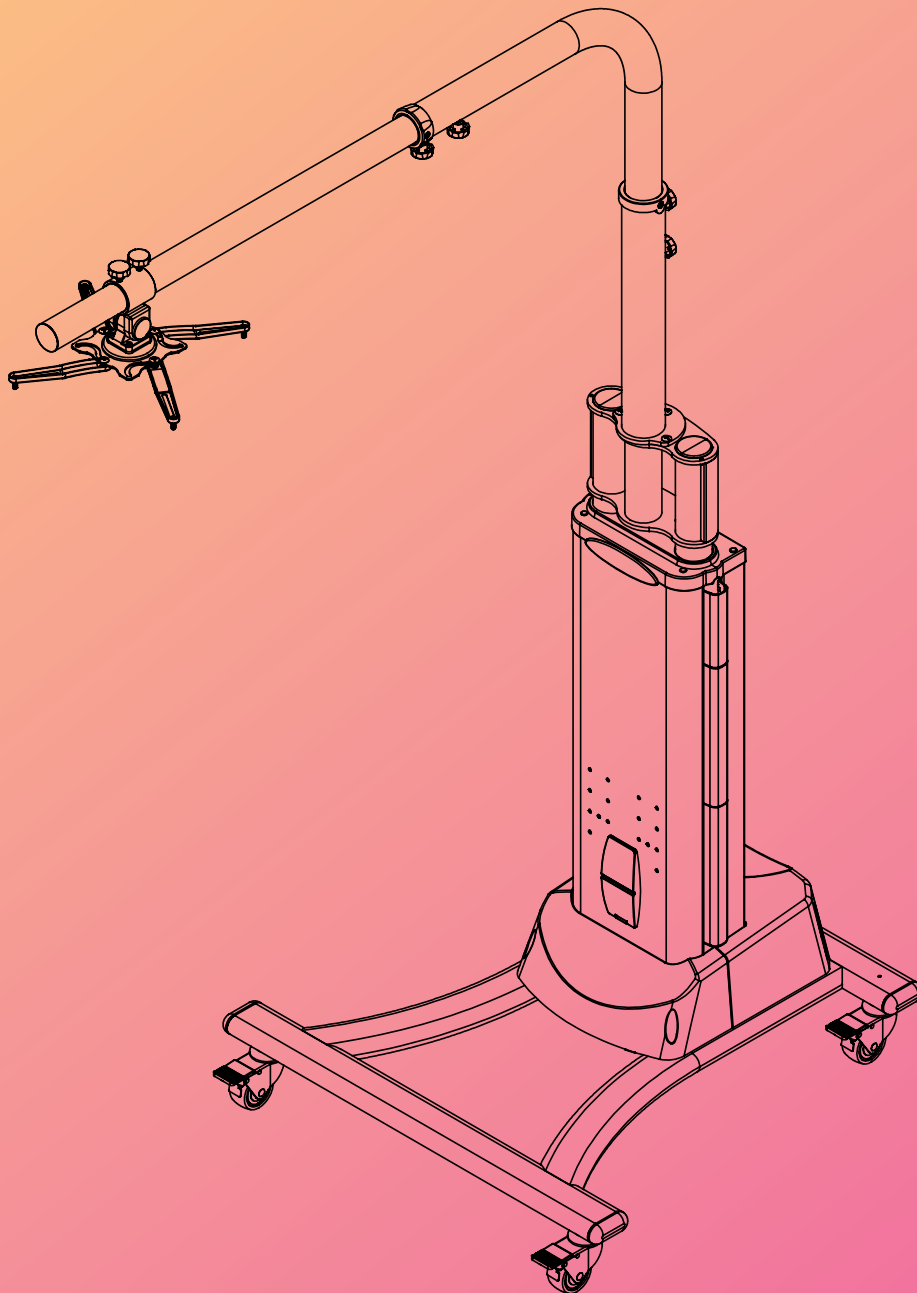

- 4 Rubber wheels with safety locks
- Metallic base
- Motor
- Main hydraulic body
- Telescopic arm
- Projector mount (Vesa 10)
- Plug-in control
- Remote control
