## Instruction Sheet:

# Lumiglow Panel w/ Pen Light - 303230

Store these instructions along with the enclosed maintenance checklist in a safe place. You may also access them on our website.

Take time to familiarize yourself with the use and maintenance of this equipment before using. Please file this Instruction Sheet in an accessible location. The Instruction Sheet must be read and familiar to anyone who is using Southpaw Enterprises Equipment.

**IMPORTANT: Please check equipment immediately for any damage that may have resulted during shipping. If any damage has occurred, please contact Southpaw Enterprises, Inc. immediately.**

### MATERIALS LIST:

- 1 - Lumiglow Panel
- 6 - Wall Anchors
- 6 - Screws
- 1 - Pen Light

### INSTALLATION INSTRUCTIONS :

The Lumiglow Panel may be positioned either horizontally or vertically. The height is determined by the height and reach of the end user. With a pencil or awl, mark the 4 positions of the hole locations. Use a 3/16" drill bit at the marks to make hole for the anchors. Once all 4 holes are drilled replace the Panel and use the enclosed screws to mount the Panel to the wall.

The Pen Light is activated by a button on the end opposite of the light. The Pen Light works best when the bulb is touching the panel and the light is on. The Panel collects the light and glows. The Panel works best in a darkened room that has been dark for a while to allow all collected light to dissipate.

### MAINTENANCE:

The Lumiglow Panel should ALWAYS be cleaned using a soft cotton cloth. Paper towels will permanently scratch the vinyl. NO Petroleum-based cleaners can be used on the vinyl. Any other typical cleaning agent, including alcohol-based products, or bleach may be used. Care should be taken to avoid saturating the wood with any solution.

**Safety Precautions** - The safety of your clients is dependent on the appropriate choice of activity to match, yet challenge their physical abilities. Use appropriate spotting / safety techniques. In addition, the layout of your activity area, proper installation and maintenance of your equipment is critical. Southpaw equipment is not intended for recreational or outdoor use. Under no condition should this equipment be used without proper supervision.

**This sheet is for example only.** It is not meant to, in any way, replace local, county, state, or Federal standards. Be aware - it is your responsibility to find all pertinent safety information that pertains to your facility.
